

PBWOA BOATING SAFETY CLASS

Saturday May 9, 2015

8:00 a.m. to 4:00 p.m.

Portage Yacht Club

8930 Dexter Pinckney Rd. on Portage Lake

This year we are again offering our Boating Safety Class. This is your opportunity to become certified in the safe operation of a powerboat and other types of boating. This course covers all aspects of boating. You will learn Seamanship, Navigation, Boat Handling, Kayaking and Water Safety. This course is as important for adults as it is for your youngster.

Playing it safe around water is good training for everyone.

You will be issued your Boating Safety Certificate (BSC) provided that you pass the written test given that day by the Washtenaw County Sheriff's Department.

Current regulations concerning the operation of watercraft can be found here:

http://www.michigan.gov/dnr/0,1607,7-153-10365_10884-37311--,00.html

Why are these regulations in place and being enforced? Personal Watercraft accidents account for over 70% of all boating accidents! As a parent, you should make sure that your child not only has been properly educated as to the safe operations of a PWC and other watercraft but also has been made aware of how to be safe in and around the water.

Watercraft Owner Responsibility: The law presumes that the personal watercraft is being operated with the knowledge and consent of the owner. If a member of the owner's immediate family such as your son, daughter, spouse, father, mother, brother, or sister drives it or when your kids bring over a friend to go jet skiing, you better make sure they know the unique properties of the vehicle and have a BSC on them. It is your responsibility with any operation of a watercraft by a minor that the owner of the vehicle has the proper training. You can be held liable for all damages.
