# Sailboat Racing

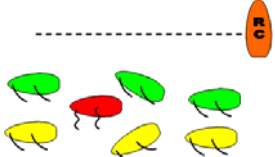

Weekly Seminar at Portage Yacht Club  
**Thursdays: April 9 – 30, 2015**  
**7:30 – 9:00 PM**

Member

One-design sailboat racing is a simple game (first one to the finish line wins) with many different aspects including sail trim, boat handling, strategy, tactics, and rules.

Join us for four sessions that will teach you what you need to know to enjoy this fascinating life-long pursuit.

	April 9	<b>Before the start, starting, and upwind</b> – All you need to know about getting off the starting line and into the race in the midst of things
	April 16	<b>Downwind, the leeward marks, and finishing</b> – How to make your way around the rest of the course and finish
	April 23	 <b>The Need for Speed with Skip Dieball</b> – Interlake and Highlander Champion Skip Dieball will show us all what to look for in your sails and setting up your boat for optimum performance.
	April 30	<b>Race Management</b> – Taking the mystery out of how races are run and how our equipment works.

Copies of “*Sailor’s Guide to the Racing Rules*” by US Sailing, a brief and concise introduction to the rules you need to know, will be available.
